QUIÉNES SOMOS

Un equipo Técnico y Creativo Multidisciplinar

Amusement Logic S.L., **fundada en 1996** y con sede en Valencia (España), es una referencia mundial indiscutible en el sector del diseño y arquitectura de espacios de ocio por su capacidad para ofrecer un desarrollo integral de sus proyectos.

Amusement Logic S.L. es una empresa especializada en la prestación de **servicios integrales de diseño, arquitectura e ingeniería** para todo tipos de proyectos lúdicos y turísticos: parques acuáticos, parques temáticos, parques de animales, piscinas tematizadas MultiAction, campings, complejos residenciales, hoteles y resorts, parques extremos y de aventura, FECs, y muchos más.

Trabajamos a nivel mundial y nuestros servicios abarcan **todas las fases de desarrollo de un proyecto**: estudios de mercado y de viabilidad económica, diseño conceptual, proyecto de arquitectura y de ingeniería en todas las disciplinas, así como servicios de supervisión, puesta en marcha y gestión del proyecto.

También **fabricamos, construimos y suministramos** un amplio espectro de **productos relacionados con el ocio**: toboganes, atracciones y juegos para niños, juegos interactivos, estructuras metálicas y torres de salida, tematización, construcción de piscinas y locales técnicos, sistemas hidráulicos (movimiento de agua, bombeos, filtración y tratamiento químico).

GUÍA DE INTERPRETACIÓN

ESPECIFICACIONES TÉCNICAS

Dimensiones: longitud x anchura x altura

Espacio mínimo: superficie en planta del elemento con la dimensión necesaria de la superficie de impacto.

Preescolar: todos los juegos son aptos para un uso familiar, sin embargo, este icono indica que ha sido diseñado especialmente para el desarrollo psicomotriz de niños ente 2 y 4 años.

Interactivo: juego que permite su manipulación para producir distintos efectos con el agua.

Dinámico: juego que se mueve gracias al efecto del agua sobre el mismo.

Estático: juego estático.

Combinado: juego sin agua que precisa de la interacción con otro para producir movimiento.

Nuestros elementos de juego han sido diseñados en base a las directrices de la Normativa UNE-EN 1176-1
El uso correcto del área de juego queda bajo responsabilidad de padres o adultos.
* Los niños menores de 36 meses deben estar vigilados por un adulto.

SPRAY TOONS

Presentamos una nueva colección de elementos de juego para **zonas acuáticas infantiles**, caracterizado por su elevada tridimensionalidad, evocadora de figuras y personajes propios del cuento infantil mejor ilustrado.

Su estilo pretende trasladar a los más pequeños a un **mundo de fantasía animado**, donde los arco iris, nubes algodonosas, soles, unicornios o dragones crean un ambiente interactivo que potenciará la imaginación de los niños.

Alejada del concepto tradicional de tuberías metálicas y siluetas planas, nuestra colección Spray Toons, realizada con nuestro exclusivo material **3D-Tech**, permite la diferenciación y singularidad en cualquier nuevo proyecto, ahora más tierno y amable.
